CISCO

IMPORTANT!

When installing this Prisma II™ bdr™ product, do not use Prisma II Chassis slots 1 through 4.

When operating Prisma II bdr Processors, slots 1 through 4 of the Prisma II Chassis are reserved exclusively for the Prisma II Power Supplies.

If any Prisma II bdr 2:1 or 4:1 Transmit or Receive Processor is installed in a Prisma II Chassis, then no module other than a power supply may be installed in slots 1 through 4 of that Chassis.

A Power Supply Blank Must Be Installed

If only one power supply is installed in the Prisma II Chassis, **you must install a Prisma II Power Supply Blank**, part number 716308, in the unused power supply slot.
